

Paws with Cause

Who we are

Grounded in love and concern for animals, Paws with Cause brings an opportunity for seniors and others to express themselves thorough painting local area shelter pets.

We work with amazing rescue groups, city art centers, local retirement/ nursing homes, as well as fabulous local businesses that look beyond a profit margin to build their business through serving their community.

No one person, but all of us working together, created Paws with Cause. Making a difference for many pets, seniors, and area businesses.

Any and every member of the community can help us be transformative. Please consider volunteering, adopting or fostering a pet, or even donating \$5.00 to a local rescue group.

Every donation makes a difference to an animal in need of a fresh start, a new home, or a sanctuary.

Worthy

8 million animals go through the shelter system each year. The good news: 23 to 17 million people are ready to adopt a new family pet.

Make a Change / Change a Life

The demographics show 23 million Americans are looking to adopt an animal every year. Of those, 17 million (5.5% US population) are undecided where to adopt and state they would happily adopt from a shelter; if they knew about them!

Current estimates from a wide range of groups indicate approximately 8 million animals enter shelters each year. Of those, 4 million might be euthanized if homes aren't found. Successful open admission shelters are saving over 90% of companion animals, young and old.

Sponsorships, fostering and adoptions make a difference

Working Wise Purpose – Full

As the American population ages, we find ourselves displaced from our 'work-identity'.

We're aging out of active employment but still vital in our abilities. Moved to assisted living and senior centers, the world forgets about its seniors. Even those who have value and ability to offer! Painting or coloring is an ageless art.

To that end, Paws with Cause is teaming with local nursing homes, assisted living centers and senior centers to revitalize one of our amazing natural resources, our senior citizens.

It is our goal to re-home pets all the while revitalizing not just the local community but the people, the seniors, who for so many years gave it their life's work and care.

15 to 20% of seniors suffer from depression

Passion with a purpose

Welcoming Awareness Business Involvement

*Community participation by local area
businesses small and large!*

Participation is open to any local business that has foot traffic and would delight in artistic paintings to decorate their walls.

More now than ever companies are seeking ways to give back to their communities while getting something in return; customer loyalty, and a rebuilding of home-town values.

Imagine customers interacting with one-another instead of sitting in a waiting room chair. Talking with others, learning about adoptable animals and the seniors who are gracious enough to lend their time and skill to paint them. It creates a buzz of loyalty with patrons leaving them with a sense of hope and pride in their community.

Build community
with continuity

Goals

**Let's each be the village
that makes the difference**

Making a purposeful difference

Goals:

1. Bring purpose and vitality to our seniors
2. Assist in the adoption more than 5,000 companion pets in each community
3. Create positive outreach for local businesses of all kinds

Adopting from a local shelter, you can make a difference in ending pet homelessness!

Business Statistics:

Small Businesses – 20 customers per day
260 pets may be adopted or sponsored/yearly

Medium Businesses – 60 customers per day
780 pets may be adopted or sponsored/yearly

Large Businesses- 300 customers per day
3900 pets may be adopted or sponsored/yearly
